

ULTIMATE TEST ON SEQUENCES – FORM I

Anirban Bhattacharyya - 2007 ©

The test consists of 20 numerical sequences and has been created in the spirit of SLSE-I by Jonathan Wai and NVCPE by Dr. Xavier Jouve. It doesn't require any mathematical knowledge what so ever and is thus culture fair. Time is unlimited. References like calculators are allowed. If you want your score to be a true reflection of your intelligence please don't consult with others. Hope all of you have great fun.

This completes the test. Please mail your answers to anirban_84@hotmail.com. You will receive a raw score expressed as a number between 0 and 1. The raw score is the ratio of number of correct answers to the total number of questions. You will receive the score report in 24 hours. I am planning to create FORM II of the same test depending upon the response in this test.
